

Noah Hankin, CPA, CFP® | Financial Planner

Noah brings a strong work ethic and attention to detail - illustrated by him impressively passing both the CFP® exam and all four CPA sections in one try (less than one-in-five CPA candidates achieve this) while in his 20s. He has advanced excel skills and experience with all of the major financial planning softwares. His favorite software is currently Right Capital.

Like Brody, Noah grew up in the Philadelphia area but currently resides near the beach in Fort Lauderdale, Florida. He volunteers with the nonprofit Sea Turtle Oversight Protection which rescues disoriented hatchlings on Fort Lauderdale's beaches. Noah is a scuba diving instructor and leads scuba diving and lobstering tours.
